

Who are...

Established in 1994 and part of the Reddiplex Group of companies, Plex Display are hardware designers and manufacturers of display, signage, café barriers and pedestrian guidance systems.

What do we do...

From our 30,000 sq ft warehouse in Droitwich, Worcestershire, UK, we distribute our products to trade customers predominantly in the exhibition, display, signage and large format printing industries throughout the UK, Europe and Rest of the World.

Quality Products

All products have been carefully designed or selected with the correct blend of reliability, function and a quality to surpass their value.

Competitive Pricing

Just simple, value for money pricing, no complicated discounts, treating customers both large and small fairly.

Unrivalled Stock Levels

To enable us to offer you a speedy service, 98% of the products featured in our range are held in stock in our purpose built warehouse.

Same Day Despatch

Week day orders made before 4pm are available for same day despatch. Need it guaranteed next day? Choose from a variety of options, including Saturday AM delivery. Remote and offshore orders may be subject to longer delivery times and additional charges.

Collection

If you prefer you can arrange to collect your order in person or via your own courier.

Service

A dedicated sales and customer service team are always ready to help you. Plex are proud to operate under both the ISO 9001:2008 and ISO 14001: 2004 quality and environmental management systems.

Warranty

All products are covered by a 2-year warranty (unless otherwise stated) For full details please refer to our terms and conditions.

OUR
WARRANTY

Register on the website for trade access and once granted log-on to enjoy the use of the Plex trade area. Here you will find images of our products suitable for both web and print use, PDF product instructions, specs and graphic templates to make planning your artwork easier, as well as full catalogue downloads. You can also download our complete trade pricelist, view pricing for each product and place orders online.

features and benefits

- Never lose your pole set again with Sidewinder's integral pole design
- A size option to suit any location. A truly versatile range of 5 widths – 600mm, 800mm, 1000mm, 1200mm and 1500mm wide. All sizes available as either single or double-sided
- Unique full graphic appearance – your message is the only thing you see when the system is assembled
- A deluxe carry bag with 30mm thick padded ends means the Sidewinder can be transported regularly without any worry of damage
- Self-adhesive top hanger
- The graphic can be changed quickly and easily due to the hook and loop fastener fixing method
- Fixed height poles allow the graphic to be rapidly set-up to the correct height every time
- The patented adjustable ratchet mechanism enables the graphic tension to be adjusted to suit each graphic substrate (if required)
- Anti-slip base
- Individually boxed

H2O swingmaster

CODE	DESCRIPTION
91708	A1 H2O swingmaster
91945	A0 H2O heavy duty swingmaster

features

- Double-sided outdoor forecourt sign, available in two sizes, A0 and A1
- Steel reinforced rounded corners, heavy duty A0
- Protective pads stop damage to underside of base
- Quick and easy assembly, no tools required
- Wheels in base allow unit to be manoeuvred into position
- Water fillable base gives great stability even in adverse weather conditions
- Base capacity; A1 – 26 litres and A0 – 50 litres

Graphics suitable for outdoor use are recommended.

A1 footprint: 780 [w] x 500 [d]mm
A0 footprint: 1030 [w] x 650 [d]mm

Posters are secured by 32mm aluminium snapframe profile.

Wheeled base for easy manoeuvrability.

Weighted base can be filled with water or sand for extra stability.

Reinforced corners on heavy duty A0 version.

GRAPHIC PANEL SIZES

- **Finished size:**
A1 – 841 x 594mm
A0 – 1189 x 841mm
- **Visual area:**
A1 – 827 x 580mm
A0 – 1175 x 827mm

THE PREMIER PAVEMENT AND FORECOURT SIGN

features for all icons

- Tough polyethylene moulded header with graphic recess.
- Poster hanging clips - hold poster in correct position.
- Strong steel frame.
- Built in wheels for ease of movement. Optional trolley available for Max and Plus size.
- Tough water-fillable polyethylene base.
- Unique hinged poster cover - allows quick poster changes.
- Your communication here.
- Poster insertion instructions printed onto backboard.
- Recyclable at end of life, part manufactured from recycled materials.
- Anti-scoff features designed into underside of base.

icon

Footprint: 740 [w] x 610 [d]mm

ADDITIONAL FEATURES FOR ICON

- 50kg Assembled weight - when base filled with water
- Steel galvanised backboard

GRAPHIC PANEL SIZES

- Finished size: 841 x 594mm
- Visual area: 814 x 577mm

icon plus

Footprint: 986 [w] x 814 [d]mm

ADDITIONAL FEATURES FOR ICON PLUS

- 102kg Assembled weight - when base filled with water
- Strong, but lightweight corrugated plastic backboard

GRAPHIC PANEL SIZES

- Finished size: 1189 x 841mm

- 151kg Assembled weight - when base filled with water
- Strong, but lightweight corrugated plastic backboard

GRAPHIC PANEL SIZES

- Finished size: 60" x 40" (1524 x 1016mm)
- Visual area: 1497 x 999mm

CODE	DESCRIPTION
30333	Icon A1 sign
92050	Icon plus A0 sign
91930	Icon max "60 x 40" sign
91931	Wheeled trolley for Icon max and Icon plus

ten good reasons to choose an icon

1. Robust, high specification design for many years of trouble free advertising.
2. Simple for staff to strategically position promotions in high traffic areas.
3. Quick and easy to change posters - a one person job.
4. Modern; engaging; attention grabbing looks for maximum impact.
5. Excellent value for money and outstanding return on investment when compared to other more traditional signs.
6. Can also be used in-store to emphasise additional services.
7. Expose more customers to YOUR sales promotions.
8. Fits in with your environmental credentials - all parts are fully recyclable.
9. Extremely stable, even in severe weather conditions.
10. No loose parts that can get lost or broken.

NOTE: Hardware only no graphics included.

Hinged magnetic poster pocket enables graphics to be changed easily without the need for tools.

Wheeled base can be filled with sand or water for extra stability.

Recessed header for individual or corporate branding.

Poster hanging clips, holds poster in correct position.

Screw in water filler cap. Base ready filled with salt to prevent freezing.

Optional trolley for Icon max and Icon plus sizes.

snapframes
